Hiring Manager
Office Administrator
Knoxfield VIC

Dear Hiring Manager,

I am applying for the full-time Office Administrator role at your Knoxfield office. I can start immediately, and I can work on site Monday to Friday, 8:00 am to 4:00 pm.

I speak and write both English and Persian. For more than five years in Melbourne I have worked independently as a frontend developer: writing clearly, keeping details consistent, and finishing tasks without being reminded. That includes my own services website for local Australian businesses, a Data Discovery Portal project for TERN, and volunteer coordination with DDD Melbourne and ADA. I also spoke at DDD By Night in 2024 and again in 2025.

The duties in your advertisement are the work I want to take on: answering calls and emails, coordinating projects, site visits, and crew schedules, preparing and following up quotations and invoices, recording payments, and giving the Director steady administrative support. I am ready to learn your Xero file and to support bookkeeping and bank reconciliation the way your office already does it. I use Word, Excel, Outlook, and Google Workspace for day-to-day work.

I am organised, precise, and reliable, and I am used to getting on with the work on my own. I would like to bring that to your Knoxfield office.

Thank you for considering my application. I would be glad to come in and talk.

Yours sincerely,

Maryam Yasaei
